## SITE MAP

# Colegio de San Juan de Letran - Manila

College of Engineering and Information Technology

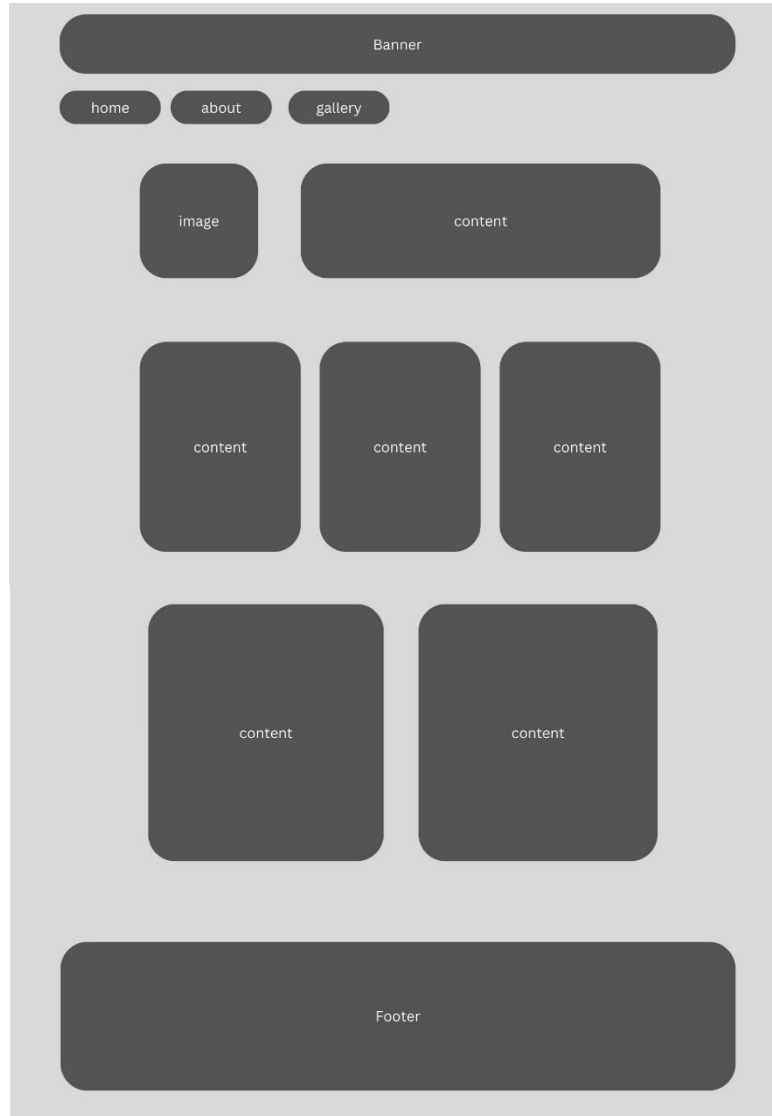

## STORYBOARD

### Storyboard # 1: ABOUT

**Description:** It has banner, menu, header, images, and footer. Also, used the provided layout given in the document.

**Layout:**

# Colegio de San Juan de Letran - Manila

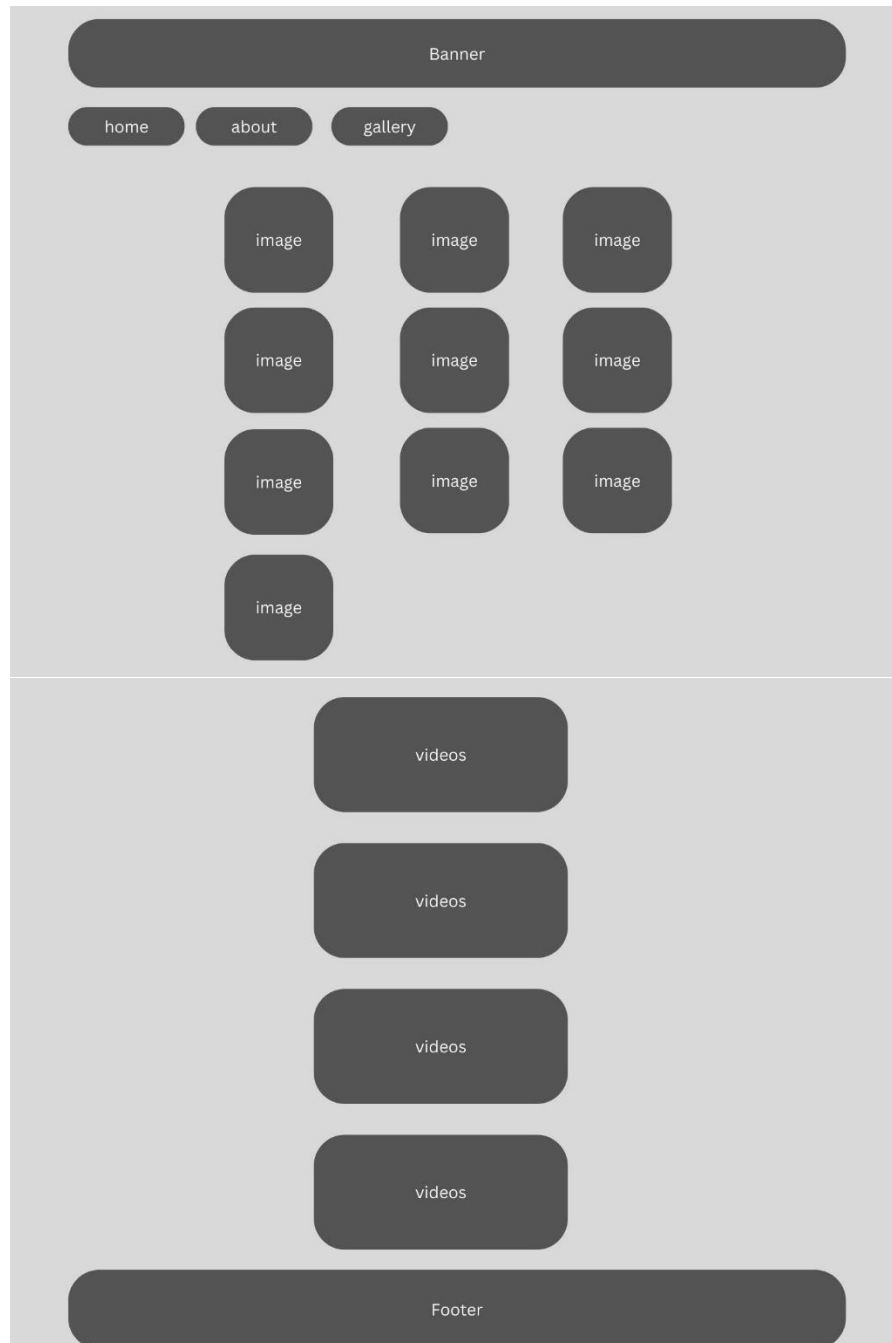

College of Engineering and Information Technology

## Storyboard # 2: GALLERY

**Description:** It has navigational bar, images for gallery style of format and singled stack for videos and footer.

**Layout:**

# Colegio de San Juan de Letran - Manila

College of Engineering and Information Technology

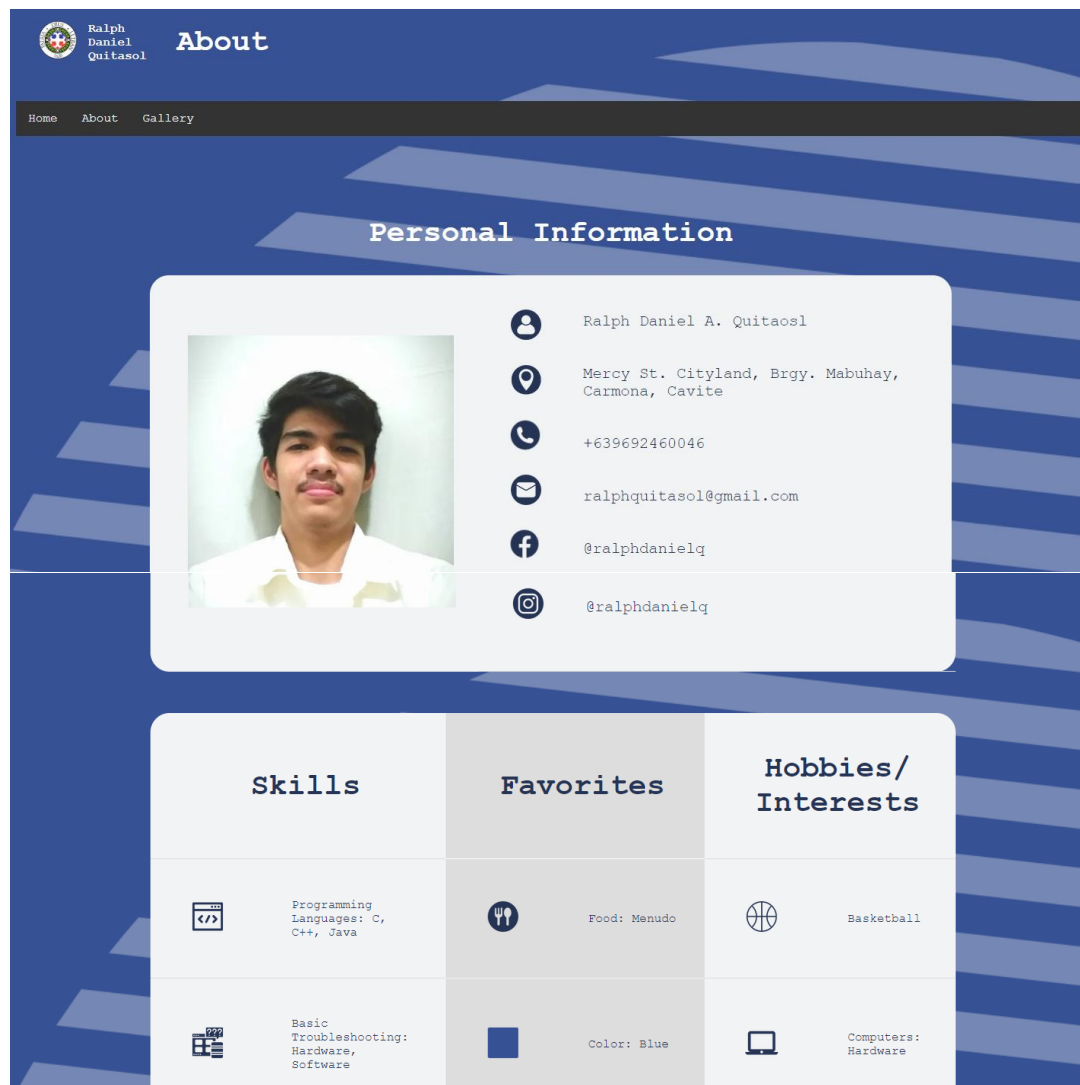

## SCREEN DESIGN

### Screen Design # 1: ABOUT.HTML

**Description:** It serves as the about section of my Personal Website. It presents the personal information/skills/interests about me and about my site the navigation bar such as Home, About, and Gallery.

**Layout:**

## REFLECTION

This project is a great experience for me to show my creative skills when it comes to designing and at the same time experience using HTML as a tool to create websites and pages. Learning the inside and outs of the pages made me realize it takes patience and creativity to create something beautiful and takes a lot of time to accomplish. Also, in some parts of the projects, I face some difficulties, but we are free to explore the web and find solutions to a particular task to accomplish. Nevertheless, I enjoyed solving problems, creating a page, and experiencing HTML. Creativity helps you to find solutions.
